

# Chuckmaster Drill Pumps

**Simer**<sup>®</sup>

Thermoplastic drill pump works with electric drills. Ideal to pump water or change oil with your electric drill as a power source. Compact design pumps up to 225 gallons per hour. Perfect for emptying overflowing dishwashers, washing machines, aquariums, and clogged sinks. Makes easy work out of changing oil in lawn mowers, boats and cars.

## Model CM10 Drill Pump

- Multi-purpose pump
- Maximum pumping capacity up to 225 gallons per hour
